I installed it again on my new comp and it worked fine.(new comp, 9/9/2003) and I ran across a question that said 1.6 was compatible with hardware 3dfx voodoo 1, and I own a voodoo 2 card. Any... Jul 28, 2014 I just installed the Counter-strike 1.6 non-steam version and it won't run on my computer I've also ran as administrator. Could this be it? I also did not have.net framework of I installed it. Any suggestions? Aug 27, 2014 I have the non-steam version of counter strike 1.6. I've installed Counter Strike 1.6, and it will load, but it will not connect to the server to play. It's not a matter of ip address or anything like that. The server is up and running, so it's not a connection problem with my computer. I've tried several different ports, and.com, but it hasn't worked. Here's the exact error I get: ERROR [S_WMS_ConnectionFailure] Exception: Failed to connect to server: localhost, 6.27.28.57.
